Equal Opportunities Policy

Policy Statement

Anglo Skills College Nottingham (ASC) aims to promote and practice equal opportunities in its training, materials, publicity, and recruitment of staff and in all aspects of its Service operation. We value the rights of all individuals who come into contact with the College such as prospective Students and job applicants. We believe that people from a range of backgrounds and experiences can enhance the life and development of the institution and that all individuals should be treated on the basis of individual merit and without prejudice. These requirements being met, no regard should be taken (except where the law allows) of that person's race, creed, color, nationality, ethnic origin, disability, religion, religious belief, language, political or other opinion affiliation, connections with a national minority, property, birth or other status, gender, gender reassignment, sexual orientation, marital status, family connections, or membership or non membership of a trade union.

1. Introduction

1.1 This Equal Opportunities Policy has been developed as a commitment by the College's Board of Management and its members of staff to the development, implementation and application of procedures which do not discriminate and which provide genuine equality of opportunity for all.

1.2 Direct Discrimination in the context of equal opportunities means treating an individual less favorably than someone else is or would be treated in the same or similar circumstances because of gender, race, color, nationality, ethnic or national origin, disability, religion or belief, sexual orientation or on any other ground identified in our Equal Opportunities Policy Statement.

1.3 Indirect Discrimination also occurs where a provision, criterion or practice is applied which places a certain group of people (who are covered by our Equal Opportunities Policy) at a particular disadvantage and it cannot be shown that the provision, criterion or practice is a proportionate means of achieving a legitimate aim.

2. Scope

2.1 This procedure applies to all activities and procedures undertaken and adopted by the College, to ensure equality of opportunity for all.

3. Individuals with Particular Needs

3.1 It is recognized that individuals may have particular needs related to equality and diversity matters. Where individuals have particular cultural and religious needs which may require a modification to existing requirements, the College, where practicable, will endeavor to accommodate these needs, within the constraints of operational requirements. Each situation and request will be treated individually and fairly.

3.2 It is the policy of the College to ensure that discrimination does not occur on grounds of disability. The College recognizes that it is unlawful for an employer and a provider of education and training to discriminate against a disabled person. Access will therefore be based on skills, qualifications, and relevant experience.

3.3 Where individuals are placed at a substantial disadvantage as a result of their disability, the College will make reasonable adjustments to the arrangements, practices, premises or equipment provided to remove the substantial disadvantage.

3.4 Wherever possible, the College will provide opportunities and training for disabled people, including those who become disabled, in order to make the best possible use of skills and potential.
